GENERAL

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Report on the working of the Stationery Department for the year 1901-02.

No. 10894—MIS. 1660, DATED BANGALORE, 19TH JANUARY 1903.

ORDER THEREON.—Recorded.

2. Government find that there has of late been some deterioration in the quality of paper supplied, and this should receive the Superintendent's early attention. Economy seems quite possible, but it should not be attempted at the cost of the quality.

3. All Heads of Departments will be good enough to exercise every possible check over the stationery supplied to themselves and their subordinate officers. But Government are not prepared to order the substitution of cheaper kinds of stationery for those now supplied.

4. The Superintendent's complaint about the sudden and unauthorized introduction of new forms by Heads of Departments should be separately reported upon by him, with a detailed statement of facts and names of the officers responsible.

5. Certain officers (16 in number) are reported not to have sent in their indent. Their attention will be drawn to the omission. In future, all officers entitled to indent for stationery should, without fail, forward their indent in due time.

6. The Superintendent will be good enough to note that remarks of the kind made in the concluding para of his report, regarding the inefficiency of his subordinates, should in future not find a place in his annual report, but should form the subject of a separate communication for the orders of Government.

The following letter No. 531, dated Calcutta, the 12th December 1902, from the Under-Secretary to the Government of India, Home Department, Ecclesiastical, to the Secretary to the Government of Bombay, Public Works Department:—

(1) I am directed to acknowledge the receipt of your letter No. 2477, dated the 4th October 1902, suggesting the amendment of the rules relating to the erection, repair and endowment of monuments in Government cemeteries by requiring, in lieu of a detailed estimate in Form A, a description of the monument and its foundation in sufficient detail to enable the Executive Engineer to determine its class and the amount of the fee to be levied thereon.

(2) In reply, I am to say that the Government of India do not consider it necessary to alter the rules, which are of general application, in the manner proposed, but they have no objection to the Bombay Government adopting for that Presidency, the suggestion made in your letter.

PETITION

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

1. Letter No. 941—790, dated 15th April 1902, from the Deputy Commissioner, Shimoga District.

(1) With reference to your docket No. Pet.—1583 of the 17th February last, forwarding the petition addressed to Government by K. N. Sivappa, Representative Member of the Sorab Taluk, who complained among other things that the Sagar Sub-Division Officer had issued orders restricting the deduction of the assessment due by the shanbhogs and patels from their potgi amount to the service inam lands held by them, I have the honor to state that on enquiry I find that the Sub-Division Officer did issue such an order. Copy of it is herein enclosed. The Sub-Division Officer in his letter No. 185 of the 23rd February 1902, and docket No. 204 of 14th March 1902, (copies enclosed) states that the order issued by him to the taluks of his Sub-Division is based upon the authorities quoted by him. I think the authorities relied on by the Sub-Division Officer do not support the order, which appears to me to be an innovation not only uncalled for in the present circumstances but also without any justification. He should have obtained the orders of higher authorities before introducing such a radical change in the present practice.

(2) In the early part of this month I happened to meet the Sub-Division Officer at Sagar and discussed the subject with him, and he seems to think that his view is correct and quite consistent with the authorities quoted by him.

(3) I therefore beg to place the matter before Government for consideration and orders.

(4) In all the taluks of this district, the practice of deducting the whole of the kandayam due by patels and shanbhogs from their potgi amount has been in vogue.

(5) Sivappa's petition is herewith returned.

(1st Enclosure to the Deputy Commissioner's letter.)

Letter No. 185, dated 23rd February 1902, from the Sub-Division Officer, Sagar, to the Deputy Commissioner, Shimoga District.

(1) With reference to the complaint of Nadig Sivappa of Kerehalli, Sorab Taluk, in para 3 of his petition to the Government, forwarded for report with Secretary's docket No. Pet.—1583, dated 17th February 1902, and your endorsement dated 19th February 1902, I beg to state that after the introduction of the Revenue Survey Settlement to each taluk in the Province, remunerations for the services of shanbhogs and patels were settled to be paid in cash in lieu of various kinds of "Aya" or other recognised perquisites, such modes of remunerations having been absolutely abolished. Further it was ordered that all inam lands appertaining to the services shall be charged with full survey assessment and the same, if not paid in due course, may, as a matter of concession, be recovered out of the amount of potgi to which a shanbhog or patel is entitled to receive.

(2) It has been observed by the Government that the full survey valuation of service inam lands, should be recovered, and the total remuneration shall be paid in cash as separate and distinct transactions, the object being to prevent confusion, perhaps, in the book adjustment or to give no room for unnecessary complaints. Accordingly potgi amount due to individual firka or circle shanbhog and village patel, is paid in full to each, obtaining acknowledgments of receipts therefor from the party concerned. That immediately potgi amount is paid to party the practice has been to demand and to collect from him, out of the sum so paid, assessment due on service inam lands that may be yet remaining in arrears.

(3) It having come to my notice that some of the shanbhogs and patels were in the habit of withholding payment of kandayam due on their assessed lands (other than service inam) whether they are or not situated within the villages comprising their respective shanbhogi circle or pateli village, claiming the same, as a matter of course, to be made good or adjusted out of the potgi amount due, and considering the undesirability of allowing any relaxation of the standing order on the subject, which, if allowed, would be highly objectionable on principle, the Amildars of the Sub-Division Taluks were instructed to treat shanbhogs

and patels holding kandayam lands as ordinary raiyats in respect of payment of kandayam due on their individual kandayam holdings, but showing distinction only in favor of arrears of assessment payable on Service Inam Lands by officiating shanbhog or patel, the same being collected at the time the potgi amounts are paid. The relaxation of the rule objected to by me had not been based upon any authority, but the practice appears to have been allowed to creep in by careless taluk officials and cunning village officials bent upon to refract from rules affecting their own interests.

(4) It will be seen, I submit, that the instructions contained in my order No. 10, dated 1st June 1901, complained of by the petitioner, contain nothing either inconsistent to, or repugnant with, the spirit of the standing orders on the subject.

(5) The petition with the Government Secretary's docket under reply and the copy of my order to Amildars of the Sub-Division Taluks are enclosed.

(2nd Enclosure to the Deputy Commissioner's letter.)

Docket No. 204, dated 14th March 1902, from the Sub-Division Officer, Sagar, to the Deputy Commissioner, Shimoga District.

His docket No. 1692, dated 13th instant, requesting to furnish either copies or the number and date of the Government Order regarding the recovery of assessment out of the remuneration due to patels and shanbhogs alluded to in paras 1 and 2 of letter No. 185, dated 23rd February 1902.

With reference to the above, the undersigned requests the favor of causing the undermentioned references to be noted in the margin of paras 1 and 2 of this office letter No. 185, dated 23rd February 1902 :—

F. 6874,† dated 31st August 1900, para XXXV of rules regarding the final remuneration of patels and shanbhogs, in which it is stated that the remuneration of the officiating patels and shanbhogs shall be fixed on the scale for each, and sum payable to each officiator shall be his exclusive perquisite, on which no other member of the family shall have any claim. 2. Letter No. 215, dated 4th October 1902, from the Superintendent of Revenue Survey.

I have the honor to offer the following opinion on certain points connected with the payment of emoluments of patels and shanbhogs as requested in your letter No. Pet.—165,§ of 23rd July 1902.

§Also reminder No. 472, dated 25th September 1902.

(2) Potgi Rule XIII should certainly be considered the only rule on the subject having the force of law. The question seems to be whether Potgi Rule XIII should be amended or modified or a new rule substituted. Payment of the salary of each officiating patel and shanbhog at fixed periods from the Taluk Treasury certainly suggests itself as the procedure best calculated to prevent complications or fraud, and this evidently was the opinion of the Survey Commissioner when (see Proceedings of 16th September 1885) the first draft of the Potgi Rules was submitted. Potgi Rule XIII as it now stands was, however, no doubt adopted after careful consideration.

(3) Although Potgi Rule XIII in its provisions is almost suggestive of the possibility of patels and shanbhogs seeking to evade the operation of the ordinary revenue procedure, still nothing very definite has been urged against it.

(4) It is perfectly clear that Potgi Rule XIII cannot possibly apply to assessment paid outside the shanbhog or patel's charge, or to other than their own kandayam lands.

(5) If Potgi Rule XIII be worked strictly on this obviously correct reading, I see no reason why it should not answer. Apparently, judging from the Sub-Division Officer's report No. 185 of 23rd February 1902, shanbhogs and patels sought to withhold payment of assessment due on lands outside their charges, which is palpably absurd, because the collection of the assessment does not rest with them. This is the chief point upon which the petitioner Sivappa has a grievance. The Sub-Division Officer then apparently issued instructions confining the application of Rule XIII to service lands. This was wrong as Rule XIII clearly lays down "Kandayam lands."

(6) I confess to a preference for the honest and straightforward payment of potgi in cash, independent of the collection of revenue, but I think something more definite should be cited against Potgi Rule XIII before it is condemned.

ORDER.—It has been brought to the notice of Government that applications for free grants of wood and bamboos required for re-building houses destroyed by fire are invariably submitted long after the occurrence of the event, so as to render the relief when afforded to be least effective. For relief to be of real use to the sufferers it ought to be rendered promptly and without delay. Deputy Commissioners of Districts are therefore requested to pay special attention to this matter and to impress upon all the officers subordinate to them the necessity of submitting applications for free grants with all possible despatch.
